

6th Form Taster sessions are going live...

From Friday 1st May 2020 at 9am

Bishop Milner's specialist subject staff will be delivering weekly sessions on Microsoft Teams to offer you an insight into year 12 study.

These sessions are designed to introduce you to post-16 content in an engaging way, whilst also exploring some of the skills you will need as a sixth form student. You will get a chance to interact with your subject teachers, ask questions and prepare for the next stage in your education.

All you need to do is log into Microsoft Teams, sign the register and join in with your chosen sessions each Friday.

We are very excited to welcome you to Bishop Milner Catholic College Sixth Form in the Autumn Term and hope that this gives you a flavour of what life will be like as a student with us.

Applications are still open for a 2020 start.'

If you have any questions, please do not hesitate to email the 6th form team who will be available all day.
